Programme and Budget Committee

Nineteenth session
Vienna, 28-30 April 2003
Item 6 of the provisional agenda

SCALE OF ASSESSMENTS FOR APPORTIONMENT OF THE REGULAR BUDGET EXPENSES

Scale of assessments for the fiscal period 2004-2005

Note by the Secretariat

Proposes a scale of assessments for the fiscal period 2004-2005, based on the application of the assessment rates adopted in resolutions 55/5 B-F and 57/4 B by the United Nations General Assembly for the year 2003, adjusted to the membership of UNIDO.

I. SCALE OF ASSESSMENTS

1. The Programme and Budget Committee is required under Article 10.4 of the Constitution to prepare the draft scale of assessments for regular budget expenditures, for submission to the Board. In accordance with Article 15.1 of the Constitution of UNIDO, "Regular budget expenditures shall be borne by the Members, as apportioned in accordance with a scale of assessment established by the Conference by a two-thirds majority of the Members present and voting, upon the recommendation of the Board adopted by a two-thirds majority of the Members present and voting, on the basis of a draft prepared by the Programme and Budget Committee."

2. Article 15.2 states: "The scale of assessments shall be based to the extent possible on the scale most

recently employed by the United Nations. No Member shall be assessed more than twenty-five per cent of the regular budget of the Organization."

3. On 23 December 2000, the United Nations General Assembly adopted resolution 55/5 B-F containing the United Nations scale of assessments for the three-year period 2001-2003, which establishes:

(a) A minimum assessment rate of 0.001 per cent;

(b) A maximum assessment rate for the least developed countries of 0.01 per cent;

(c) A maximum assessment rate of 22 per cent. In paragraph C.3, the General Assembly stressed that the reduction of the maximum assessment rate of 22 per

cent “shall apply to the apportionment of the expenses of the United Nations and should have no automatic implication for the apportionment of the expenses of the specialized agencies or the International Atomic Energy Agency.”

4. On 29 January 2003, the General Assembly further adopted resolution 57/4 B, under which it decided “to fix the rates of assessment in 2003 for Afghanistan at 0.001 per cent and for Argentina at 0.969 per cent, as ad hoc adjustments”, based on appeals by Members for a change of assessments. This resolution also notes that this decision should have no automatic implication for the apportionment of the expenses of the specialized agencies or the International Atomic Energy Agency.

5. The proposed scale of assessments for the apportionment of the UNIDO regular budget expenses for the fiscal period 2004-2005 is therefore based on the two resolutions adopted by the United Nations for the scale of assessments for the year 2003, i.e. the most recent United Nations scale available at the time of preparing this document. This proposal is in line with past practice, as is evident from table 1. The General Conference has consistently approved the scale of assessments for UNIDO based on the most recent United Nations scale available at the time of the Conference regular session, adjusted to the membership of UNIDO. For instance, the scale of assessments for 1988-1989 was based on the United Nations scale of 1988; the 1990-1991 on 1989; 1994-1995 on 1994; 1998-1999 on 1997 and 2000-2001 on 2000. Should the General Assembly adopt new scales for 2004-2005, prior to convening of the General Conference in December 2003, Member States would be informed.

2000-2001	2000	Resolution 52/215
2002-2003	2002 – 2003	Resolution 55/5 B-F

6. In decision GC.9/Dec.10 on the scale of assessments for the Member States of UNIDO adopted by the General Conference at its ninth session, the Conference decided to establish a scale of assessments

for the regular budget expenditures of UNIDO for the fiscal period 2002-2003 as contained in columns 5 and 6 (that is, a 22 per cent maximum assessment rate) of the annex to document IDB.24/5-PBC.17/5 dated 16 March 2001.

7. Adjustments to the scale to include any State that may become a Member between now and the closure of the tenth session of the General Conference in accordance with Articles 3, 24 and 25 of the Constitution will be communicated to the Conference.

8. Taking into account these facts, the Secretariat has prepared the draft scale of assessments for the fiscal period 2004-2005 based on General Assembly resolutions 55/5 B-F and 57/4 B, for the period 2003. Information has been received by the Secretariat that the application of these two General Assembly resolutions will be taken into account by the International Atomic Energy Agency when drafting a scale of assessments for 2004. Similarly, the World Health Organization has proposed a scale of assessments for the fiscal period 2004-2005 based on the above General Assembly resolutions for the period 2003.

9. The application of the assessment rate adopted by the General Assembly for the year 2003 (resolutions 55/5 B-F and 57/4 B), adjusted to the membership of UNIDO, results in a total assessment of 74.39600 per cent (column 1 of the annex to the present document), owing to differences in membership between the United Nations and UNIDO. To produce a scale of assessments that covers 100 per cent of regular budget expenditures of UNIDO, it is necessary to apply a mathematical coefficient to the United Nations rates for UNIDO Member States. The coefficient is not applied to the rates of United Nations Member States paying the minimum assessment of 0.001 per cent, and it ensures that the rate of least developed countries does not exceed 0.01 per cent as well as the maximum rate of any UNIDO Member State does not exceed 22 per cent. The coefficient (1.4217143) calculations are shown in table 2.

10. Column 2 of the annex to the present note shows the adjusted rates for the scale of assessments for the fiscal period 2004-2005 for States that were Members of UNIDO, as of 28 February 2003, by applying the coefficient 1.4217143, as explained in paragraph 9 above. Column 3, showing assessment rates for 2003, has been included for information purposes only.

New Member States

11. In accordance with financial regulation 5.6, new Members shall be assessed for the year in which they become Members at rates to be determined by the Conference.

II. ACTION REQUIRED OF THE COMMITTEE

12. The Committee may wish to propose to the Industrial Development Board the adoption of the following draft decision:

“The Industrial Development Board:

“(a) Takes note of document IDB.27/7–PBC.19/7;

“(b) Recommends to the General Conference the establishment of a scale of assessments for the fiscal period 2004-2005 based on United Nations General Assembly resolutions 55/5 B-F and 57/4 B, adjusted to the membership of UNIDO on the understanding that new Members shall be assessed for the year in which

they become Members on the basis of the United Nations scale of assessments, as applicable to UNIDO;

“(c) Urges Member States to pay their assessed contributions for the 2004-2005 biennium in accordance with financial regulation 5.5 (b), which states that contributions and advances shall be due and payable in full within thirty days of the receipt of the communication of the Director-General, or as of the first day of the calendar year to which it relates, whichever is later;

“(d) Calls on Member States that are in arrears, as well as States that are no longer members of UNIDO, to fulfil their constitutional obligations by paying their outstanding assessed contributions in full and without conditions as soon as possible, or to take advantage of payment plans to settle their arrears.”
