## I. Developments on personnel-related matters

1. Effective 13 March 2015, UNIDO promulgated a revised policy on gender equality and empowerment of women, with specific commitments to integrate gender equality and the empowerment of women into its core values, competency framework, and staff performance management system, with particular focus on staff at levels P-4 and above.

2. Effective 16 March 2015, UNIDO promulgated a revised policy on official travel, aimed at implementing the Board's decision IDB.41/Dec.12 (g) to further reduce travel costs and rationalize standards of accommodation for official travel.

3. Effective 16 March 2015, UNIDO promulgated a revised Human Resource Management Framework, aimed at fostering the career development of staff and harmonizing specific provisions of the Framework with the staff rules and other policies.

## **II.** Common system developments

4. In line with staff regulation 13.3, this report informs the Board of any recent decisions by the International Civil Service Commission (ICSC) and recommendations adopted by the United Nations General Assembly that are of relevance to UNIDO.

#### Mandatory age of separation

5. Following an ICSC analysis of the impact of increasing the age of separation of active staff on the workforce, succession planning frameworks and relevant human resources management policies, the General Assembly decided, in resolution 69/251 of 29 December 2014, to raise the mandatory age of separation to 65 years for staff recruited before 1 January 2014, taking into account their acquired rights. At the same time, the General Assembly requested the ICSC to revert with an implementation date at its earliest opportunity, but no later than the seventy-first session of the General Assembly in 2016, after consultations with all the organizations of the common system.

#### Comprehensive review of the compensation package

6. The review has been ongoing and shall be finalized at the next session of the ICSC in July 2015 in Vienna. It will be reported to the General Assembly at its seventieth session(2015). So far, the ICSC has focused on various elements of the new compensation package and has not discussed any transitional arrangements and measures.

#### Health insurance

7. In resolution 69/251 the General Assembly approved the ICSC's recommendation to maintain at their existing ratios the current apportionment of health insurance premiums between the organizations and both active and retired staff participating in United States and non-United States health insurance plans.

#### Evolution of the net remuneration margin

8. The ICSC reported to the General Assembly that the margin between the net remuneration of officials in the Professional and higher categories of the United Nations in New York and officials in comparable positions in the United States federal civil service in Washington, D.C. for the calendar year 2014, amounted to 117.4 and that its five-year average (2010-2014) amounted to 116.4, which was above the desirable midpoint of 115. Furthermore, the ICSC decided to suspend the normal procedure for management of the margin and to continue the freeze in net remuneration in New York.

#### Rental subsidy thresholds in Vienna

9. The rental subsidy thresholds are used in assessing the eligibility of an internationally recruited staff for a rental subsidy. Based on the results of 2013 housing survey for Vienna, ICSC reduced the existing rates by 1 percent. The new rates were implemented by UNIDO effective 1 May 2014.

#### Diversity and gender balance in the United Nations common system

10. In resolution 69/251 the General Assembly noted with disappointment the insufficient progress made with regard to achieving the goal of 50/50 gender balance in the United Nations common system, especially in the Professional and higher categories. It requested the ICSC to encourage the organizations to fully implement existing gender balance policies and measures, monitor and periodically review and report on diversity, including geographical and gender balance.

#### Salary scale for Professional and higher categories

11. Schedule I to the staff regulations. The concept of the base/floor salary scale was introduced by the General Assembly in resolution 44/198 of 21 December 1989, section I.H. The scale is set by reference to the salary scale of the federal civil service of the United States of America in Washington, D.C. Periodic adjustments are made on the basis of a comparison of net base salaries of United Nations officials with the corresponding salaries of their counterparts in the United States federal civil service.

12. By resolution 69/251 the General Assembly approved, with effect from 1 January 2015, the revised base/floor salary scale for staff in the Professional and higher categories that reflect a 1.01 per cent increase (Annex I to this document).

13. The revised salary scale was implemented on a "no-loss/no-gain" basis, i.e. it was accompanied by a corresponding reduction in the post adjustment multipliers for all duty stations. The net remuneration remains therefore the same, except for very minor changes due to rounding.

### **III.** Matters related to staff rules

#### Salary scale for staff in the General Service Category

14. Appendix A to the staff rules. In accordance with the Flemming principle, General Service (GS) staff shall have pay and other conditions of employment that

match the best on offer at the duty station. The principle was first stated in 1949 and is implemented through the ICSC local salary surveys, conducted periodically at all duty stations. In-between the salary surveys, the GS salary scale is subject to interim adjustments, calculated on the basis of movements of an appropriate wage or price index or a combination of indices.

15. Based on the officially published movements of the local consumer price index and of the local wage index for office workers in the period November 2013 to October 2014, the VIC-based organizations (VBOs) agreed that the GS salary scale in Vienna was due for the next interim adjustment on 1 November 2014 and that the revised salary scale should reflect an increase of 1.8 per cent (Annex II to this document).

16. The increased costs under salaries and related common staff costs for the General Service category at headquarters were estimated at  $\epsilon$ 39,700 for the remainder of 2014 ( $\epsilon$ 31,300 under the regular budget and  $\epsilon$ 8,400 under the operational budget) and to around  $\epsilon$ 243,200 per year ( $\epsilon$ 191,800 under the regular budget and  $\epsilon$ 51,400 under the operational budget) and could be absorbed under the existing budgetary provisions.

# IV. Representation of the UNIDO Governing Body on the UNIDO Staff Pension Committee

17. By decision GC.1/Dec.37, the General Conference accepted the regulations of the United Nations Joint Staff Pension Fund and established the UNIDO Staff Pension Committee. In decision GC.15/Dec.19 the Conference elected two members and two alternate members of the UNIDO Staff Pension Committee for the biennium 2014-2015 and authorized the Board to proceed with the election for any of the Committee posts should they become vacant before the General Conference holds its sixteenth session. The Board may wish to recommend to the Conference at its sixteenth session candidates for election to the Committee for the years 2016-2017.

## V. Action required by the Board

18. The Board may wish to consider the adoption of the following draft decision:

"The Industrial Development Board

(a) Takes note of the information contained in document IDB.43/15;

(b) Takes note of the progress made in the review of the mandatory age of separation for current staff, the comprehensive review undertaken by the International Civil Service Commission (ICSC), its decision on the rental subsidy thresholds in Vienna, and of the General Assembly's decisions on health insurance, net remuneration margin, diversity and gender balance in the United Nations common system;

(c) Further notes the amendments to the Schedule I of the staff regulations and to appendix A to the staff rules made in compliance with staff regulation 13.4;

(d) Recommends to the General Conference at its sixteenth session the following candidates for the election of two members and two alternate members of the UNIDO Staff Pension Committee for the biennium 2016-2017:

..... (country)

Alternate:

..... (country)

(e) Also recommends to the General Conference at its sixteenth session to authorize the Industrial Development Board to proceed with the election for any of the above-mentioned post that might become vacant before the General Conference holds its seventeenth session."
